

EcoTop™  
SURFACES

Sustainable...without Sacrifice.™

## Environmentally Responsible

- Composed of FSC certified fiber that is a 50/50 blend of bamboo, a rapidly renewable resource, and 100% post-consumer recycled fiber.
- Materials are bound together with a 100% water-based co-polymer resin formula.
- VOC and benzene free.
- Can contribute toward seven points on your next LEED project.

## Revolutionary

- EcoTop™'s new patent pending, SCS certified process uses a cutting edge fiber and resin system.
- Offers rich stable color that won't fade with UV exposure or discolor over time.
- Clear UV stable resin allows EcoTop™ to be manufactured in a wide range of colors or even customized to match specific color needs.

## Sophisticated

- Smooth texture and sleek lines offer a refined and timeless appearance.
- Available in ten colors.
- Custom colors are available if ordered in large quantities.

## Durable

- EcoTop™ surpasses all surfaces in durability with its new generation of surface products.
- Longer bamboo fibers pioneered in the EcoTop™ formula make it highly scratch resistant with water absorption of less than one percent.
- Easily fabricated and installed.
- 15 year limited warranty.

*"We are committed to researching, developing, designing, and manufacturing the most durable, cost effective, user and environmentally friendly products in the world, while delivering quality products with unmatched customer service."*
